

WINC

WORD POWER

WHEN this many creative people join forces, be prepared for *magic*. The authors and illustrators of WINC have written it all — picture books, nonfiction, historical novels, mystery, fantasy, contemporary fiction, biography, and poetry. Together, we've crafted nearly 200 books for young readers, as well as scores of short stories, CDs, and anthologies.

And WINC authors are not the silent type. We are experienced presenters who thrive on talking about books, writing, or illustrating — to book clubs, writers' groups, libraries, bookstores, schools, and readers of all ages. We give workshops at local and national conferences, appear together and separately, and speak on radio, television, and the internet.

Unprecedented in the state, this professional membership of published writers and artists represents a unique opportunity for groups interested in learning about what goes into a children's book: the craft, the heart, and the fun. WINC authors teach and speak on a wide variety of topics. And of course, we love to do school visits!
